

MISS FORD BURSARY APPLICATION FORM

There are two parts:

1. This form containing specific information relating to your elective
2. The MOST IMPORTANT PART of the application is a short (one side of A4 paper equivalent) statement of your objectives for your elective. This will be the basis on which the committee will decide between applicants.

Your statement should include information to allow the panel to assess the learning opportunities of the specific attachment and your personal ability to benefit from it. You should bear in mind that the interests of the society are as much cultural and linguistic as medical, so contact with French culture will carry a high priority.

Please add your statement to your reply to this e-mail or attach it as a PDF attachment.

Personal information

First name:

Last name:

Date of Birth:

Present Address:

Telephone number:

Email address:

Medical School:

Year of course:

Email

How did you hear about the Bursary?

Please remember to attach the STATEMENT OF YOUR OBJECTIVES FOR YOUR ELECTIVE (Remember - It should not occupy more than one side of A4 paper.)

You must send both this form and the statement by email to:
info@anglofrenchmedical.com

We look forward to hearing from you.

NB: Your application may be considered after you take your elective, but only if we receive it before you go.

The AngloFrench Medical Society
